

November Club Manager Report – 11/18/2014

Our Games

1. We had a problem with two players coming from the St. Joe Club on 11/6/2014 and discovering the game had been canceled. I have followed up with an apology and an offer of free plays. John Bodish made an announcement at the St. Joe Club urging their players to call before coming.
2. I am presenting draft calendars for January and February, 2015.
3. I recommend we cancel the Thursday evening game as of 1/1/15.
4. Mr. Matt Russell of Exact Care Pharmacy would like to sponsor one of our events in exchange for the opportunity to address our membership for 15 minutes.

Equipment Issue

Our HP printer developed a problem (it wouldn't feed the paper so it would come into contact with the inkjets (rather it kept delivering paper to the bottom of the printer below the paper tray). I returned the printer to Office Max and was given an identical HP printer. This printer had the same problem as the first, but it also required returning to Office Max because they failed to give me the initializing ink cartridge. I went in to return printer #2 and received store credit. At this point Bud Hinckley offered to research printers and used the store credit to purchase an Epson printer (which he then installed). Lee Boser gave me unused ink cartridges from the Brother printer which I returned for a credit at Office Max. We now have \$227 (approximately) left on 2 gift cards to spend on ink (once we decide we like the Epson).
